Mobile No: +91 7020842422

Grade: A4

Strengths

- A self driven learner with Front-End and Back-End knowledge. Passionate about implementing and launching new projects.
- Ready to learn new technologies/Frameworks and implement them to further improve my knowledge.
- A team player with good communication skill always ready to work for the enrichment of knowledge.
- Ability to come up with new ideas and discover new ways of looking at problems.
- Able to communicate complicated topics to different audiences.

Achivement

Airline Reservation System Application

Completed end to end case study of Airline Reservation System along with JWT authentication, Swagger and Booking System using .NET Core with SQL Server. Implemented Data Access Layer (DAL) to communicate with the database. Used Code-First approach provided by the entity framework. In the application there is a usage of Create , Read , Update , Delete (CRUD) operations using Web API. Bootstrap used for user interface.
